ABOUT US

MasMarine is an international company with a solid position in the world market for worldwide shipping, industrial and offshore supplying. Founded in 1988 as a general ship supplier, the company has grown into an internationally operating organization. Its core activities are ship supplying, sample service, offshore- and industrial supplies.

We are operational across five continents. Our main clients include shipping companies, offshore industry and industrial companies.

SERVICES

MasMarine provides worldwide procurement, transportation, logistics, project management and warehousing for the industrial-, maritime-, and offshore market to some of the most challenging destinations in the world.

We offer a full range of logistical and transport management services to ensure seamless operations.

MasMarine focuses on three market segments:

- Industrial
- Maritime
- Offshore

MasMarine is an involved partner which will go out of his way to deliver top-notch products and service. We are fully committed in meeting the highest quality and service standards. We supply a broad range of industrial, maritime and offshore products. This enables us to deliver our clients a full service, convenient order and delivery process.

We are convinced we can supply almost any product you can think of. And always at competitive rates. Not only do we assure you the best service and best products, we also ensure the best prices.

MasMarine is distributor of industrial supplies, MRO equipment, tools and equipment.

COMPETENCIES

With access to over 900,000 industrial supply products available, we provide maintenance, repair and operational solutions for your organization.

MasMarine delivers globally to all kind of (cargo) vessels. Our extensive, worldwide network ensures us to always deliver fast and - of course - at competitive rates. Not only do we assure you the best service and best products, we also ensure the best prices.

We supply the offshore industry worldwide and in all major offshore areas in Europe, from Southern Brazil to East Coast Canada, from Africa to Asia Pacific.

Our capabilities cover all areas of offshore supply services. We consider no challenge too great: whatever service you require, we have the experience and people to deliver a reliable and cost-effective solution.

We deliver fast.
We deliver worldwide.

Reliable

Not only do we assure we can offer our clients the best service and products, we also continuously strive for optimal quality of our services.

Trust

Nothing is more important to us than having the trust of our customers. We are constantly talking to our customers to better measure their needs so we can optimise our service accordingly.

Loyal

Our goal is to build up, maintain and strengthen collaborative relationships with both our clients and our suppliers.

Respectful

MasMarine and his employees approach clients, suppliers, co-workers and other business partners with the highest level of service and respect.

Thoroughness

MasMarine and his employees always ensure that one's own and others' work and information are complete and accurate; carefully planning and preparing; following up with others to ensure that agreements and commitments have been fulfilled.

Initiative

We are excellent in identifying what needs to be done and doing it before being asked or before the situation requires it.
